

## APS Prize Winners for 2007

The following people were awarded the APS Prize for the student who gained first place at the end of an APS accredited program of four year's duration leading to a single qualification, or an APS accredited fourth year program in psychology comprising one year equivalent of study.

RECIPIENT	UNIVERSITY	THESIS TITLE
Majella Allen	Australian Catholic University	Redintegrating Jumbled Words: The effects of word length, word frequency and generation on tasks of immediate serial recall
Hugh Dennett	Australian National University	Processing strategies underlying perception of complex forms
Christina Kumnick	Bond University	Development of a Korean Characters Non-Verbal Memory Test
Courtney McKee	Central Queensland University	Appraisals as Mediators Between Text-Based Factors and Reader Interest in Stories
Belinda Cooper	Charles Darwin University	Nursing Students' Intentions to Care for Indigenous Patients: The Role of Cultural Competence and Cognitive Empathy
Gillian Dolan	Charles Sturt University	The effect of empathy on sentencing decisions: A test of the attribution-affect-action model
Robert Schutze	Curtin University	The Role of Mindfulness in a Fear-Avoidance Model of Chronic Pain
Mark Brown	Deakin University	Explaining Effects of Event Valence on Unrealistic Optimism
Zdenka Bartova	Edith Cowan University	From GPs to Psychologists: The Patients' Perspective on Help-Seeking and Referral
Sophia Villis	Flinders University	A hot issue: Predictors of global warming reduction behaviour
Claire Ryan	Griffith University	A Longitudinal Study of Chronic Stress within the Australian Correctional Industry
Jordan McAfoose	James Cook University	Visual-spatial working memory: Capacity limitations on the reliance on phonological loop and central-executive functions
Kavi Jayasinghe	La Trobe University	The Horizontal and Vertical Components of Apparent Length: A Quantitative Model of Gestalt Representation
Samantha Anne Baggott	Macquarie University	The Effects of Affect: Are facial expressions processed involuntarily?
Azira Alimanovic	Monash University	Adjustment in Parents of Children With Disability: Interrelationships of Resistance Factors
Tara Walker	Murdoch University	The impact of concurrent media exposure on the effectiveness of television advertising: An evaluation
Lee-Ann Wilson	Queensland University of Technology	The role of perceived risk in psychologist's willingness and intention to integrate complementary and alternative therapies into practice
Timothy Di Stefano	RMIT University	Reducing Body Dissatisfaction in Adolescents: Impact of an Interactive School-Based Prevention Program
Alira Capararo	Southern Cross University	Interhemispheric Asymmetries in the Processing of Biological Motion Cues
Laila Hugrass	Swinburne University of Technology	The effects of motion on binocular rivalry between simple and complex images

Rebecca Foe	University of Adelaide (1)	On-field Communication in Netball: A Conversation Analytic Investigation of Talk, Player Movement and Outcomes of Play
Anne Koerber	University of Adelaide (2)	Recruiting tween girls as consumers: A Critical Discourse Analysis of quizzes in tween girl magazines
Laura Mahar Liversage	University of Ballarat	Primary School Teachers' Use of Behaviour Management Strategies Within Teaching Training Frameworks
Catherine Wren	University of Canberra	Impact of online health information seeking on psychological distress and help-seeking: Effects of source credibility, content threat, and health anxiety
Patrick Goodbourn	University of Melbourne	Spatial limitations of fast temporal segmentation: Psychophysical evidence for an early cortical mechanism
Jennifer Fletcher	University of New England	Dual Process Cognition and Decision-Making in Adolescence: The Role of Working Memory Capacity
Adrian Camilleri	University of New South Wales	Extinction and renewal of human causal learning
Elise Mansfield	University of Newcastle	Get ready: Investigating the neural correlates of preparing for a change in task
Alix Vann	University of Queensland	I like you, do you like me! Synchronic imitation and the social motivation to copy others
Elissa Pearson	University of South Australia	Mixed-species exhibits: The need for research and an empirical study of the orangutans ( <i>Pongo Pygmaeus Abeli</i> ) and siamangs ( <i>Hylobates Syndactylus</i> ) at Adelaide Zoo
Rosemary Baker	University of Southern Queensland	Word-length Effects in Backward Serial Recall and the Remember/Know Task
Hannah Pincham	University of Sydney	Associative learning in humans required neither explicit awareness, nor selection for short-term memory
Bronwyn Weaver	University of Tasmania	Interhemispheric Competition in Bimanual Movements
Saruchi Chhabra	University of Western Australia	Memory binding and intentional inhibition in individuals predisposed to hallucinations
Kate Leanne Lewis	University of Wollongong	Subtyping the borderline personality disorder diagnosis: A principal components analysis of the DSM-IV criteria
Tegan Rose	Victoria University	Can Personality and Emotional Intelligence Predict Leadership Style?
