

Australian Psychological Society's (APS) Victorian Bushfire Psychological Counselling Voucher Program - Identified Practitioner List (as at 8 March 2012)

Psychologists who have nominated to be included on this list are members of the Disaster Response Network (DRN) who are eligible to provide counselling under the Victorian bushfire psychological counselling voucher program. Inclusion on the identified practitioner list is voluntary and is NOT an eligibility requirement to provide services under the Medicare initiative.

➤ **More information on psychologists' areas of expertise**

Many of the psychologists listed are also on the APS 'Find a Psychologist' online referral service. This is indicated by a link to 'Find a Psychologist' in the 'Find a Psychologist' column. More information about a particular psychologist's areas of practice can be found at 'Find a Psychologist' by clicking on the link provided in the list and performing a search by name.

➤ **Recognising an APS psychologist**

Psychologists who are members of the Australian Psychological Society are recognised by the following post-nominals:

Hon FAPS (Honorary Fellow of the Australian Psychological Society)

FAPS (Fellow of the Australian Psychological Society)

MAPS (Member of the Australian Psychological Society)

Assoc MAPS (Associate Member of the Australian Psychological Society).

Where a psychologist practises in more than one location within a particular suburb/town and there are different contact phone numbers for each of the practices, an entry for each practice is listed.

APS Victorian Bushfire Psychological Counselling Voucher Program - Identified Practitioner List

As at: 8/03/2012
