

IAAP Division 4: Environmental Psychology - ICAP 2010 Program Highlights

	8:30am to 10:00am	10:30am to 12:00pm	12:00pm to 1:00pm	1:00pm to 2:00pm
MONDAY 12 JULY			<p>Division 4 Invited address: Joseph Reser - A psychological perspective on 'thinking globally and acting locally' in the context of climate change: Environmental wisdom amidst complexity, disconnects, and crucial omissions</p> <p>Division 4 Individual Oral Presentations – Workplace design: Siu Hing Lo- Interactions between individual and organizational determinants of energy-related behaviors in office buildings & Eleni Kalantidou- Globalized work and intelligent working environments: Employees' adaptation to the implementation of new working strategies</p>	APS Psychology and the Environment Interest Group AGM
TUESDAY 13 JULY	<p>Division 4 Individual Oral Presentations – Climate change: Heather Truelove - An examination of the role of efficacy in intention to mitigate climate change: Self-efficacy, response efficacy, collective efficacy and collective response efficacy; Aigline de Causans: Environmental risk perception: The case of global warming among lay people & Lorraine Whitmarsh: Public uncertainty and scepticism about climate change</p>		<p>Division 6 Community (and Clinical) Psychology - Invited keynote: Grace Pretty - Having a sense of one's place: Benefits and challenges of nurturing person-environment connections</p>	
WEDNESDAY 14 JULY	<p>Invited symposium Division 4: Terry Hartig - Restoration and Restorative Environments (1)</p>		<p>Division 4 Individual Oral Presentations – Energy: Judith de Groot - Value orientations, perceived risks and benefits, and acceptability of nuclear energy; Wouter Poortinga - Public perceptions of energy choices: The influence of beliefs about climate change and the environment & Patrick Devine-Wright - Envisioning engagement: Social representations of public engagement with renewable energy technologies</p>	
THURSDAY 15 JULY	<p>Division 4 Individual Oral Presentations – Environment behavior and response: Navjot Bhullar - Combating wood smoke pollution using behavioural and technological solutions: A case study of Armidale, a regional town in NSW Australia; Cees Midden - Using negative and positive social feedback from a robotic agent to save energy: The moderating roles of feedback relevance and multiple goal activation; Mica Estrada-Hollenbeck - Does increasing awareness promote changes in behavior? A study of injunctive normative influence on littering behavior; Wouter Poortinga - Awareness and perceptions of the health risks of exposure to radon in homes; Zena O'Connor - Colour psychology and colour therapy: Ancient knowledge or New Age nonsense?</p> <p>Division 4 Symposium: Silvie M. Kraemer (C); Shoji Ohtomo; Jan-Willem Bolderdijk; Franz Bogner & Hans-Joachim Mosler - Effects and effectiveness of interventions in environmental psychology</p>	<p>Division 4 Symposium: Terry Hartig (C); Helena Jahncke; Tina Bringslimark; Yannick Joye & Roos Pals - Restorative Environments: New Researchers, new Questions</p>	<p>Division 4 Individual Oral Presentations – Conservation and waste management: Chris von Borgstede - Value-related information processing: An experimental study on waste prevention; Kelly Fielding: To conserve or not to conserve? Determinants of household water use in South East Queensland; Vincent Femia: Waste and recycling behaviours: Do positive attitudes towards the environment and education have an impact on people's behavior? Do they raise awareness and cause best practice?</p> <p>Division 13 Invited address: Linda Steg (Netherlands): A psychological perspective on sustainable transport</p>	
FRIDAY 16 JULY	<p>IAAP Division 4 Environmental Psychology Invited Symposium: Kees Keizer (C); Siegwart Lindenberg; Linda Steg; P. Wesley Schultz; Warren DiCianni; Mica Estrada-Hollenbeck; Noah Goldstein & John Thøgersen - Social norm influence and field experiments</p>	<p>Division 4 Invited symposium: Hans-Joachim Mosler & Florian G. Kaiser (C); Victor Corral-Verdugo; Don Hine; Robert Tobias; Florian G. Kaiser & Nina Roczen; Taciano L. Milfont & Majken Bieniok(D): Psychological models to understand behavioral change for more sustainable lifestyles</p>	<p>Division 4 Individual Oral Presentations – Personality: Jessica Hardley - Personality as predictor of pro-environmental attitudes and behaviours; Susan Clayton - The effects of personality, cultural context, and situation on environmental concern: Comparing zoos and universities in the U.S. and China</p> <p>APS mini-program Forum: Climate Change and Health</p>	

IAAP Division 4: Environmental Psychology - ICAP 2010 Program Highlights

2:00pm to 3:30pm	2:00pm to 5:00pm	3:15pm to 4:45pm	4:00pm to 5:30pm	5:30pm to 6:30pm	6:30pm to 7:30pm	7:00pm
Division 4 Invited symposium: D Hine (Chair), Joseph Reser, Joan Bentrupperbaumer, Helen Ross, Geoff Syme, Peta Dzidic, Beth Fulton, Kathryn Willia & Caroline Dunn - Addressing the challenges of cross-disciplinary and collaborative work for environmental psychologists: The Australian context.	WORKSHOP Division 4: Robert Sommer (USA) Action Research in Environmental Psychology		Joint symposium Div 4 & 13: Linda Steg (c) Sustainable transportation	Division 4 Invited address Terry Hartig (Sweden) Restorative environments research: Issues in measurement and analysis	IAAP Division 4 Environmental Psychology Meeting & Social Event	
Debate/Hypothetical: Psychologists as agents for social change. Are we relevant to the greatest moral challenge of our time – climate change?				Presidential & SOTA Address: Division 4 Environmental Psychology Robert Gifford (Canada) - The Dragons of Inaction: Why we do less than we should, and how we can overcome.		Dinner for environmental psychologists: Dinner from 7pm at a local venue walking distance or tram ride from the conference venue. Details will be confirmed shortly; please check the APS events page closer to the date http://www.psychology.org.au/Events/Default.aspx?ID=1206
Division 4 Symposium: Taciano L Milfont (C) Tak C Woo, William S Helton, Paul N Russell, Neville M Blampied, Niki Harré, Charlotte Blythe, Wokje Abrahamse - Upholding a clean and green image: Environmental psychology in Aotearoa/New Zealand						
Division 4 Symposium: Judith de Groot (C); Alexandra Gonzalez; Eike von Lindern & Jennifer Inauen - Environmental problems and risk perception						
			Division 4 Individual Oral Presentations – Conservation and waste management: Chris von Borgstede - Value-related information processing: An experimental study on waste prevention; Kelly Fielding: To conserve or not to conserve? Determinants of household water use in South East Queensland; Vincent Femia: Waste and recycling behaviours: Do positive attitudes towards the environment and education have an impact on people's behavior? Do they raise awareness and cause best practice?	Division 4 Landscape Individual Oral Presentations: Rebecca Ford - Human factors influencing the social acceptability of forest landscape management in Tasmania, Australia; Patrick Devine-Wright - Disruption to place attachment and the protection of restorative environments: a wind energy case study & Barbara Degenhardt - The restorative value of different landscape types		
			Division 13 Traffic Psychology Individual Oral Presentations – Public transport travel modes: Margareta Friman - The role of predicted, on-line and remembered satisfaction in current travel mode choice; Haruna Suzuki - The relationship between subjective well-being and satisfaction with daily travel; Lars Eriksson - Determinants of car users' switching to public transport			
		Division 4 Individual Oral Presentations – Environment: Dorothee Durpoix - Environmental attitude of New Zealand farmers: The importance of affect and direct contact with nature & Taciano L Milfont- Spatial and temporal biases in assessments of environmental conditions				
		Division 4 Symposium: Goda Perlaviciute; Sandra Lucas & Christopher Raymond (D) - Understanding the influence of contextual factors on pro-environmental behavior and resident well-being
